

**BADGES**

All participants are requested to wear their badges throughout the event. Badges are marked according to the type of pass purchased, and participants will not be admitted to the Conference or the Exhibition without their badge. You may also be required to show your badge at the networking events. Should you lose your badge, please go to the registration areas for assistance. An administrative fee may apply for reprinting the badge. Sharing of passes is not allowed.

Thursday 15 June	08:00 - 15:00

**PROCEEDINGS**

Since the first conference, the EUBCE Proceedings have delivered access to new R&D results, with a high level of scientific and technical quality.

This year we are making an important improvement by including the proceedings in Scopus, the largest abstracts and citation database. The EUBCE proceedings are already included in WOS - Conference Proceedings Citation Index - Science, formerly ISI Proceedings (2014 edition).

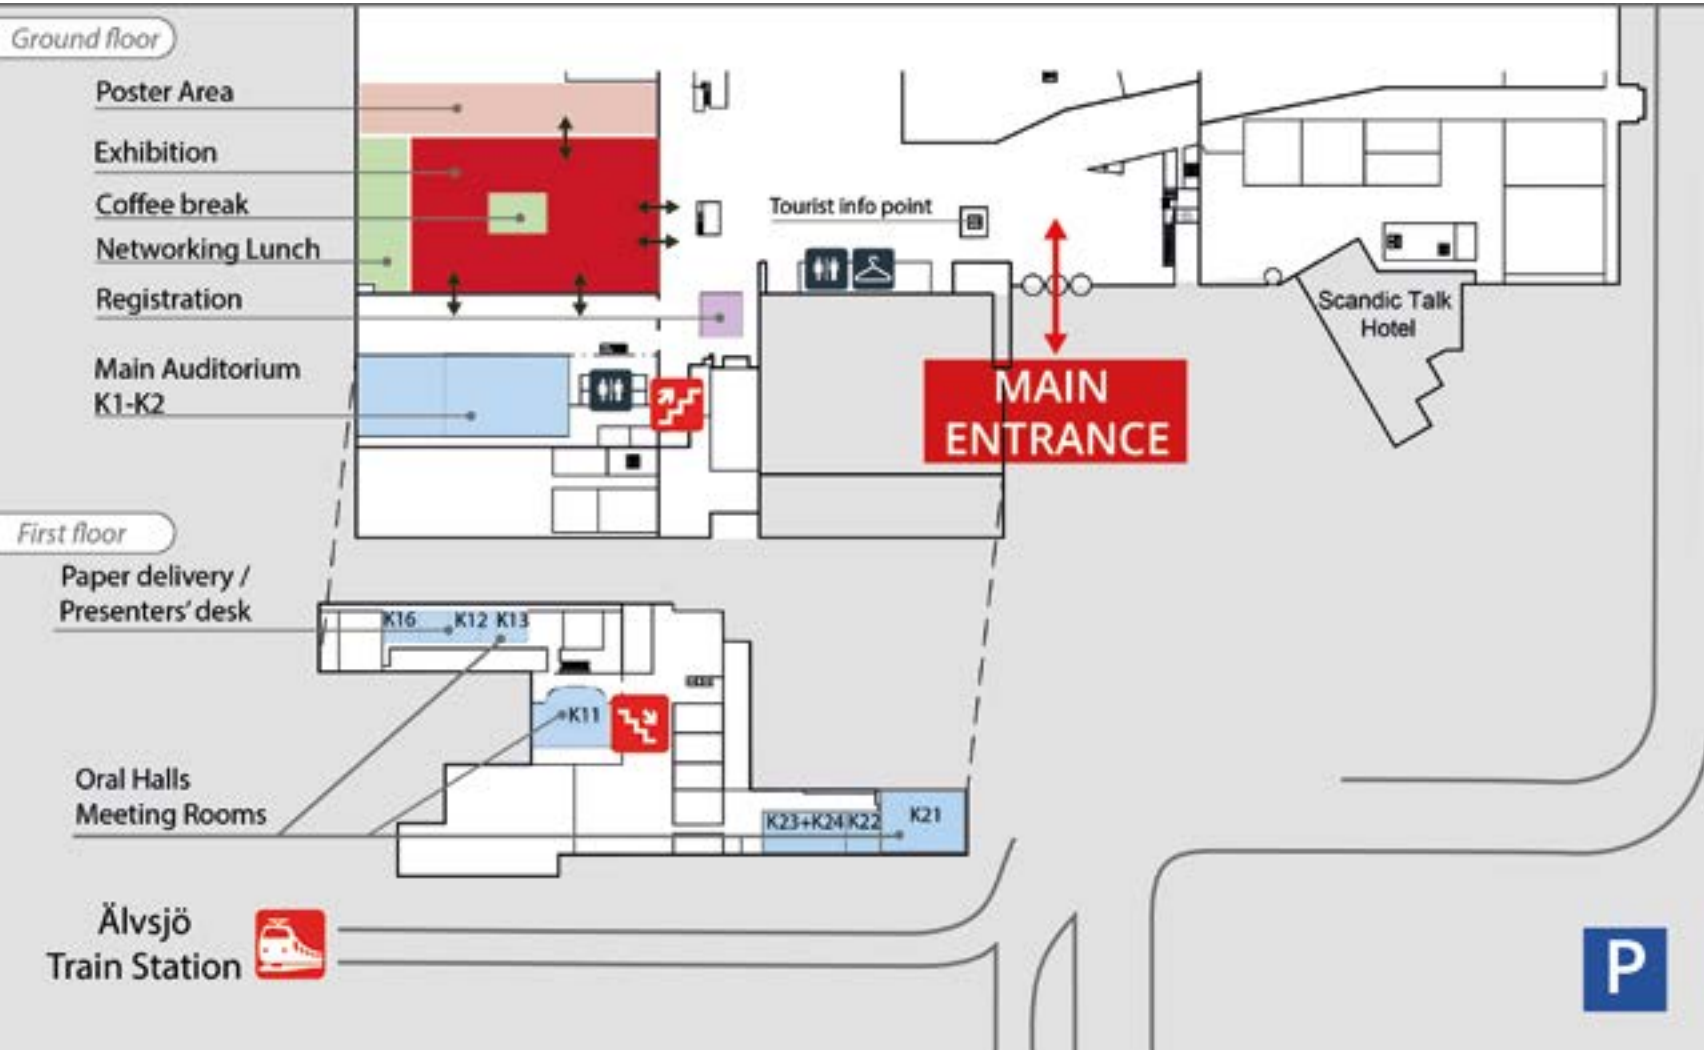

A series of further measures have been implemented, aimed at maintaining and enhancing the status of the EUBCE Proceedings. These include:

- Adoption of a full open access policy (from the 2012 edition), so that the proceedings are fully searchable (and citable) online as soon as published
- Use of all available media tools to underline the quality of the Proceedings, stressing the peer review of the extended abstracts and the technical review of all submitted papers
- Previous Online Proceedings have been submitted for indexing to the online research platform Google Scholar
- The full papers of the Proceedings have already been indexed with digital object identifiers (DOI) since 2010

The online 25th EUBCE Proceedings will be available from the beginning of August 2017. The proceedings will include all submitted Papers, Slide presentations and Posters, video files of selected sessions (where available).
