In Memory of Jean-François Dallemand

“It was great to have him as a discussion partner at any occasion, where he expressed his views sincerely but always with a great sense for diplomacy. “

“His advice to improve my publications but also on how to turn each challenge I faced into an opportunity are lessons for ever.”

“Jean-François deeply believed in Europe and in a fairer and more sustainable world. “

“I learned more with Jean-François in two hours, than with some other people in years.”

“Jean-François was a wonderful person, a dear friend and a mentor to me. He was such a good sympathetic and gentle man. I will miss his kind and gentle humour and great character.”

“I think Jean-François had this particular quality to know how to listen. With his comments, he made you feel self-confident.”
En un mot, je dirais que Jean-François est un GRAND HOMME
