### BREAK NEW GROUND FOR THE FUTURE OF BIOMASS

EUBCE brings together the greatest minds and latest advancements in biomass, with the aim of accelerating research and market uptake across the globe.

Due to COVID-19, EUBCE's 29th conference and exhibit will most probably take place exclusively online. As such, we have already invested in an engaging, interactive, and catalytic platform.

In fact, e-EUBCE 2021 will offer exhibitor's the ability to reach a significantly larger audience than ever before!

While official conference programming is reserved for enrolled participants, the e-EUBCE 2021 Exhibit will be open to all registered visitors, free of charge.

## EXPOSURE > NETWORKING > ENGAGEMENT

E-EUBCE 2021 IS BEING DESIGNED TO PROVIDE MASTER EXHIBITORS WITH GROUND BREAKING EXPOSURE, NETWORKING, AND ENGAGEMENT OPPORTUNITIES.
