

NOTES FOR PRESENTERS OF VISUAL PRESENTATIONS

All Presenters of Visual presentations (posters) are requested to REGISTER for the Conference (www.eubce.com). Please note that your paper will not be published in the Conference Proceedings (indexed in Scopus) without having registered for the Conference and presented the Poster in its allotted session during the Conference.

Presentations must be prepared and presented in ENGLISH, the official language of the Conference.

Posters and pre-recorded video will be on display for viewing and participants will be informed and encouraged to visit the E-Poster Gallery before the start and during the conference.

Your Visual Presentation has a unique official session code as indicated in the Conference Programme. This code will appear on the platform Page which has been assigned for your poster. The E-Poster's Gallery will be arranged in topic groups and posters numbered according to the Conference Programme

Technical features:

- Poster view with zoom in and out options
- 3 min explanatory video that each presenter should pre-record in advance and upload when the platform open (before the conference start)
- Text chat / messages to the presenter and networking
- Personal message / video meetings with no limit to number of participants

1. Information for Poster Presenters

A Visual Presentation is a perfect medium for communication with all interested delegates. Good design is essential, and Presenters are recommended to closely follow these instructions.

- The Poster must be headed by the title and the author(s) name(s). A good poster concentrates on the outstanding features of the project, easily grasped by the viewer, with a minimum of text (less than 50 % of the total poster area)
- PDF is the only accepted file type.
- PDF should not exceed 10 MB. Please do not set password security.
- The minimum resolution of the graphs should be 300 dpi and use simple color (standard + RGB). The file type of the illustration inside the presentation should be .jpg, or .gif.
- Charts generated by excel shall be inserted as a picture (.jpg, .png, or .gif format). Please use simple contrasting colors (Standard + RGB) instead of fill patterns in your charts.
- Advertising material is not allowed to be presented in EUBCE conference. Please be aware that posters containing predominantly marketing or advertising material will be removed.

Explanatory video

Poster presenters can pre-record (facultative) and include a 3-minute video presentation of their work.

Audio, video-recordings, photos, and screenshots may be produced within this event and during your presentation. By your participation you agree that such recordings/photos/screenshots may be made available to the public.

2. Upload of the poster and video

Presenters of Visual Presentations are requested to **upload their posters and videos** online at <https://virtual.eubce.com> by **6th May 2022**. Instructions for upload are available [here](#).

3. Posters Awards

The Poster Awards ceremony is one of the highlights of the Conference Closing, **on Thursday, 12 May 2022**, placing emphasis on the most outstanding Visual Presentations, in recognition of the effort devoted to the preparation of the poster.

The awards aim to encourage and to give additional recognition to high quality contributions that combine novelty and excellence in scientific content in their presentation. A total of 6 presenters will be awarded, one of each topic.

The evaluators will use the following criteria for assessing the poster presentations:

Content: do the scientific/technical results reflect an innovative approach and a comprehensive study of high quality?

Presentation: does the graphical and written material clearly explain the purpose, approach, results, and conclusion? Does the poster exhibit good graphical composition, use of colour, legibility and structure?

The most outstanding visual presentations will be awarded. The awards are based on the quality of the technical content reported and on the quality of the presentation.

We remind you that your poster will be eligible for a Poster Award if one of the authors is available to attend the Poster Awards Ceremony on Thursday, 12 May.

4. Paper and Poster to be published in the Conference Proceedings

If you wish to publish your paper and/or poster in the Conference Proceedings, please submit to the EUBCE user area at <https://ssl.conference-biomass.com/> (section Paper Delivery) by 12 May 2022. Authors will be informed when the submission platform is open.

The layout of your paper should be exactly the same as the master document "[Instructions for Preparation of Papers](#)".

Please note that uploading your poster for displaying in the E-Poster Gallery does not imply publishing it in the conference proceedings. If you wish to have your poster published in the EUBCE Conference Proceedings, please submit to the EUBCE user area at <https://ssl.conference-biomass.com/> (section Paper Delivery).

We look forward to your presentation and to meeting you online.

On behalf of Nicolae Scarlat, Technical Programme Chair.
